

**BLUEBIRD**  
GRAPHIC SOLUTIONS

## education

Bluebird is a leading fabricator for educational institutions. From elementary schools to universities, our wide array of in-house skills enable us to expertly fabricate and install interior and exterior signs, graphics and architectural elements.

## our capabilities include

### **Architect and Contractor Facilitation**

We collaborate with designers and contractors to provide guidance early in the process. Our deep industry background helps us expertly match the best materials and technologies to a particular project.

### **Documentation**

Based on the design intent, we assemble complete construction documentation packages to the highest industry standards.

### **ADA, Identity and Wayfinding in Multiple Materials**

Our 3D printers and material skills enable us to print tactile letters and braille as well as fabricate any style of wayfinding or identity sign.

### **Large Format Printing**

With our large format printers, we can create specialty graphics, glass and wall coverings for any environment.

### **Metal Fabrication**

Our craftspeople routinely fabricate not only signs, but also architectural and streetscape structures.

### **Donor Recognition**

We are often called upon to help visualize and develop multi-faceted donor recognition programs.

### **Digital and Illumination**

Bluebird can implement complex illumination programs as well as digital signs for both interiors and exteriors.

### **Installation**

Our installation teams can manage implementation wherever our clients need us to be.

### **<< Project**

### **Saugus Middle/High School**

Bluebird collaborated with HMFH Architects and Suffolk Construction to fabricate interior and exterior signs and graphics.
